

LOJIC VIRTUAL NETWORK

**Migration to VMWare Horizon
and ArcGIS Desktop 10.6.1**

WHY WE HAVE TO CHANGE

- ❖ Citrix version is no longer supported
- ❖ Windows Server version is no longer supported
- ❖ ArcGIS Desktop 10.2.1 is no longer supported

LEVELS OF USERS

- ❖ Basic Streaming – ArcGIS Basic (formerly known as ArcView)
- ❖ Advanced Desktop – ArcGIS Advanced (formerly known as ArcInfo)
- ❖ Pro Desktop – ArcGIS Advanced and ArcGIS Pro

PHASED ROLL OUT

Phase 1: Basic Streaming

- ❖ Thank you for participating in the User Survey
- ❖ About 46 users
- ❖ Before the end of the year.

PHASED ROLL OUT

Phase 2: Advanced/Pro Desktop User who are not versioned editors

- ❖ About 75 users
- ❖ May include PVA editors
- ❖ Beginning of 2021

PHASED ROLL OUT

Phase 3: Advanced/Pro Desktop User who are versioned editors

- ❖ About 20 users
- ❖ Also includes GeoAdm editors
- ❖ 1st Quarter of 2021

PREPARATION

- ❖ Virtual training sessions the week before each phase is deployed
- ❖ New page on the LOJIC web site with instructions
- ❖ Working to get VMware Horizon client pre-installed before roll out. (Will replace Citrix Receiver)

NEW FEATURES

- ❖ Easier Geocoding Setup
- ❖ Access to Excel
- ❖ Virtual Desktops for Advanced and Pro Users
- ❖ ArcGIS Pro
- ❖ Multi Factor Authentication

MIGRATION ISSUES

- ❖ Large Format Plotting
- ❖ Shared Network Folder drive change.
V drive will now be the Z drive.
- ❖ Shared mxds should be saved back to the ArcGIS Desktop 10.2.1 until all users are migrated.
